

## PROCUREMENT SERVICES

7Tao procurement services cover:

- Strategic Sourcing:**

Identifying and developing relationships with reliable suppliers for both tangible goods and intangible services.

- Vendor Management:**

Overseeing the full lifecycle of external service providers, from selection to ongoing performance management.

- Negotiation:**

Securing favorable terms and pricing with suppliers to reduce costs and improve value for the organization.

- Risk Mitigation:**

Analyzing and managing supply chain risks to prevent disruptions to business operations.

- Process Transformation:**

Helping companies redesign and improve their overall end-to-end procurement processes, including purchasing, receiving, and payment.
